SUBJECT: NICARAGUA: AMERICA'S COMPETITIVENESS FORUM

REF: A. SECSTATE 198999
[1](#)B. MANAGUA 0355

[1](#)1. (U) At the earliest opportunity after the inauguration of the new president and the seating of a new cabinet, the Ambassador met the new Minister of Trade, Industry and Development Horacio Brenes Icabalceta about attending the Americas Competitiveness Forum in Atlanta on June 11-13 (refs A and B). In follow-up to this meeting, the Ambassador supplied additional information to Minister Brenes about the forum and asked for his suggestions as to who might attend from his government. Econoff also contacted his staff, but have not yet received a response.

[1](#)2. (SBU) We believe the situation is complicated by the fact that the Ministry of Finance has requested that all ministries and government agencies pass budgeted funding for travel and public relations to a central account to be managed by the Presidency, specifically the person of the Coordinator for Public Communications and Citizenship, First Lady Rosario Murillo. These funds appear destined for Peoples, Councils, an experiment in direct democracy. Brenes, office has inquired as to whether funding to attend the conference from the USG. We are examining whether post funds might be available.

[1](#)3. (SBU) Post apologizes for taking longer than the time allotted, and would like to suggest that invitations be sent to the following GON officials (Note: mailing addresses in Spanish follow names and titles in English).
